

Broward Healthy Start

Together, supporting mothers and babies.

Diaper Drive!

One in three Broward County moms struggle to provide their babies with a basic essential – diapers. This is called **Diaper Hardship**, and there is very little help or public resources for it. The **Diaper Drive** is a communitywide event to help address the needs of struggling families.

By donating \$5.00 minimum we can purchase 40 diapers!

Broward Healthy Start Coalition has partnered with several organizations in the community, including the **Soroptimist International of Greater Fort Lauderdale**, **Children's Services Council**, **Zeta Phi Beta Sorority**, **Dr. Osgood Ministries International** and **Collaboration for Restoring Families** to support our **Diaper Drive in 2011**

DID YOU KNOW?

- ❖ Babies kept in dirty diapers for extended periods of time may lead to babies suffering not just physically but emotionally.
- ❖ Food assistance programs focus solely on food and nutrition and do not cover diapers.
